FSM Mobile Access and New User Log In

Please Note: You *must* log into the web version of FSM and create your own password (i.e. replace your temporary/first-time log in password) before you can access the mobile version of FSM.

Download the FSM mobile app.

Please Note: The FSM app is not available in mobile app stores.

Go to: <u>https://m.fulfillment.wildblue.net/fsm-fe/fsm-download</u>

Use your Technician Account Credentials to begin downloading the app

After logging in, select your device's Android OS or iOS. The app will then install in the background.

iPhone Users:

Some users have experienced an error when accessing the FSM mobile app for the first time. The error is labeled as "Untrusted Enterprise Developer."

If you receive this error, please follow these instructions to fix it:

Go to Settings > General > Profile(s)/Device Management
 Select the appropriate ENTERPRISE APP labeled "ViaSat,

Inc."
3. Click Trust "ViaSat, Inc.," then Trust again

Click on the FSM mobile app after it is finished downloading.

You will then be taken to a Login page that displays **COMARCH***FSM* above.

Take a screenshot of the new Login page that displays your IMEI Number at the bottom.

Request FSM access via FSMAdministrator@viasat.com

****In your email, make sure to include: Screenshot, Technician's name, Installer ID, and type of device*****

COMAR	CH FSM
Login:	
Password: Password	
	LOGIN
531AADDR-DR	CLEAR

The FSM Administrator will give your device access to FSM. You will then receive an email from the FSM Administrator, confirming access.

After you receive confirmation, you are ready to use FSM!
