

Tech Bulletin: Announcing your new learning platform!

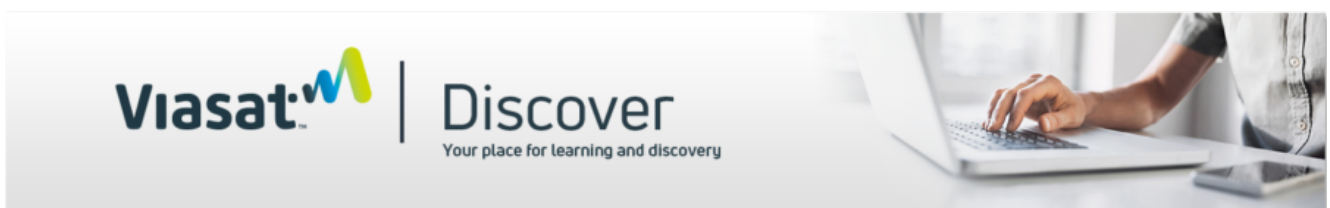

Announcing your new learning platform

...coming this month!

Hello, !

Beginning later this month, we'll replace Viasat Central with our new learning platform, **Viasat Discover**.

Here's what you need to know:

Date	Description
February 11th – Registration for new technicians closed	Viasat Central will no longer accept new learners.
February 18th – Training must be complete in Viasat Central!	Great news! We've extended your deadline to complete any training in Viasat Central. Partially completed training will NOT be migrated to Viasat Discover. You'll have to start over when we go live if you do not finish in Viasat Central by 2/18.
February 19th – last day in Viasat Central. NO ACCESS after 5:00 pm PST.	Last chance to get any course certificates that you want! Grab them from Viasat Central by 2/19. Viasat Discover will not offer past training certifications
February 20th - February 26th	<u>Viasat Central closed for business</u> This allows us to migrate all your data to our new platform.
February 27th	Viasat Discover goes live! Your new eGuide goes live!

More information about logins, new URL and your new learning platform will be revealed in the next few weeks!

Stay tuned!
